- **Multiplication Flashcards to practice at home.**
 - We recommend that students begin practicing multiplication facts throughout the summer to be better prepared for third grade. It is also, recommended to have your child read every day, as well as practice computer skills, such as typing. You can find flashcards at the dollar tree or dollar general :)

Supplies will need to be replaced throughout the school year as needed by your child. If students take care of the items, they do not have to be replaced as often.
